Which research institution should submit declaration

For Declaration of Compliance in 2021

- Research institutions which had submitted notification to MOH indicating:
 - It has commenced/intention to commence human biomedical research (HBR) on/before 31 Dec 2020
- Research institutions required to submit declaration of compliance will:
 - Receive automated email reminders before 1 Mar 2021
 - Need to click on “Declaration” in the menu navigation from 1 Mar 2021
- Research institutions should update the following information in the institution profile page:
 - Number of research sites during the compliance period
 - If the research institution has been granted approval by MOH to conduct restricted research during the compliance period

tiaras_no_reply@moh.gov.sg
[TIARAS Reminder] Declaration of Compliance - Due for Submission

To cheryltan@moh.gov.sg; leeahboon@moh.gov.sg; tanmulan@moh.gov.sg

Dear All, **OA** **OE** **PIC**

Reminder

The declaration of compliance for RI- [REDACTED] Ministry of Health is due for submission between 1 March and 18 April (both dates inclusive).

Important Note: Before submitting the declaration of compliance, you **should** update the Institution Profile page with the number of research sites under the supervision and control of the research institution.

Please click [link](#) to access TIARAS.

If you need any technical assistance, please contact the Helpdesk at ncs-mohsupport-tiaras@ncs.com.sg.

Thank you.

This is an auto-generated email. Please do not reply to this email.

When is the compliance period to declare for

For Declaration of Compliance in 2021

Research institutions indicating	Start Date	End Date
1. All RIs except those described in Point 2 below	1 Jan 2020	31 Dec 2020
2. RIs with commencement date in 2020	Commencement date indicated in the notification of operation	31 Dec 2020

How much is the declaration

Second Schedule of HBR Regulations

During the compliance period	Conducting restricted research	Not conducting restricted research
First research site	\$4,000	\$1,000
Each additional site	\$500 per site	\$500 per site

Where activities relating to research are conducted at 2 or more premises located within the same building (bearing the same postal code in each premises' address) and under the supervision and control of a single research institution, these premises are counted as a single research site.

What is a research site to be declared

- Where HBR activities are carried out in the premises that are under your research institution's governance, it will be considered a research site
- If your HBR activities are conducted at 2 or more premises located within the same building (bearing the same postal code), these premises are counted as a single research site
- Where HBR activities are conducted at residential homes or shopping centres, these public places need not be declared as a site. Nonetheless, the research institution should always have supervision and control over all the HBR activities conducted regardless of whether the premises have been declared as sites during the declaration of compliance. Regulatory audits may also take place in any premises where HBR activities are carried out, regardless of declaration.
- Where research activities are conducted at an academic institution with multiple faculties/schools, each faculty/school may declare as one site (i.e. even if the faculty/school is spread over multiple buildings with different postal codes)

Who can submit declaration

For Declaration of Compliance

- For OE/OA who is also the principal person in charge, you can submit the declaration directly to MOH in TIARAS
- For OE/OA who is **not** the principal person in charge, you would need to upload a signed Declaration from the principal person in charge if you would like to submit the Declaration directly to MOH in TIARAS

Updating institution profile page

Login to TIARAS

- Go to <https://elis.moh.gov.sg/tiaras>

The screenshot shows the TIARAS (Tissue & Research Application System) login page. At the top left is the Ministry of Health Singapore logo. In the center is the TIARAS logo. At the top right is the Singapore Government logo with the tagline 'Integrity • Service • Excellence'. Below the government logo are navigation links: 'A+ A-' (font size), 'About Us', 'Contact Us', 'Feedback', and 'FAQ'. A search bar is located below these links, with the text 'Within This Website' and a search icon. The main content area has a blue background with a laboratory image on the left. On the right, it says 'Login via' and shows two options: 'Singapore Corporate Access CorpPass' and 'Singapore Personal Access SingPass'. Below this, there is a warning box for SingPass 2FA, stating 'You need SingPass 2FA to file taxes & access over 100 services' and listing steps to set up 2FA. Below the warning box, it says: 'If your research institution is a corporate organisation, please login using CorpPass. If your research institution is unincorporated, please login using SingPass. For authorised use only. Unauthorised use is strictly prohibited.' At the bottom left, there is a link for 'Resources / Other Links' with a padlock icon, and text: 'For more information on the Human Biomedical Research Act'. At the bottom center, there are logos for the 'BIOETHICS Advisory Committee Singapore' and 'Centres gov.sg'. At the bottom right, there is a footer with links: 'Report Vulnerability | Privacy Statement | Terms of Use | Rate this Website', the date 'Last updated on 20 Feb 2019', the copyright '© 2017, Government of Singapore', and the note 'This site is best viewed using IE10 & above, screen resolution 1024x768'.

Updating institution profile page

For Declaration of Compliance

- Research institutions should update the following information in the institution profile page:
 - Number of research sites during the compliance period
 - If the research institution has been granted approval by MOH to conduct restricted research during the compliance period

Submitting Declaration of Compliance

Submit Declaration of Compliance

- Declaration of compliance section is the same as the First Schedule of the HBR Regulations

DECLARATION OF COMPLIANCE

I declare, on behalf of Ministry of Health, all of the following:

1. I have read and understood the Human Biomedical Research Act 2015 (Act 29 of 2015), and all regulations and codes of practice or ethics issued under that Act (collectively called the Act).
2. Except for such offences and contraventions as may have been notified to the Director of Medical Services in accordance with section 23(3) of the Human Biomedical Research Act 2015 or regulation 8 of the Human Biomedical Research Regulations 2017 (G.N. No. S 621/2017), all human biomedical research conducted under the supervision and control of the research institution between 01/01/2020 and 31/12/2020 comply with the Act.
3. The composition and appointment of all the institutional review boards of the research institution comply with the Act.
4. The research institution —
 - (a) has formulated and implemented appropriate standards, policies and procedures to supervise, review and monitor the conduct of the human biomedical research conducted under its supervision and control;
 - (b) supervises, reviews and proactively monitors the conduct of the human biomedical research conducted under its supervision and control;
 - (c) has formulated and implemented a policy on whether or not the research subject should be re-identified and informed in the case of an incidental finding and has informed all institutional review boards and researchers under its purview of this policy;
 - (d) ensures that the human biomedical research conducted under its supervision and control complies with the Act, and is conducted in accordance with the standards, policies and procedures mentioned to in sub-paragraph (a);
 - (e) investigates any areas of concern and takes such remedial measures as appropriate;
 - (f) in respect of human biomedical research conducted jointly or in collaboration with more than one research institution, has agreed among the research institutions for one research institution to be appointed as the lead research institution for the purpose of coordinating the research;
 - (g) has performed such other functions and duties as may be prescribed by the Minister; and
 - (h) regularly reviews —
 - (i) the standards, policies and procedures formulated and implemented by the Research Institution to supervise, review and monitor the conduct of the human biomedical research conducted under its supervision and control;
 - (ii) all serious adverse events (including unexpected serious adverse events);
 - (iii) all safety lapses;
 - (iv) all reports of any data and safety monitoring board established by the research institution; and
 - (v) the performance of all institutional review boards appointed by the research institution.

Payment modes in TIARAS

As part of Whole-of-Government move towards 100% electronic transactions, the payment modes on TIARAS will be updated

- VISA/MasterCard/American Express
- GIRO
- Cheque – **Will be removed from 1 September 2021**
- Interbank Transfer – Introduced in March 2020
 - An electronic fund transfer to MOH's bank account
 - Payment can be made from Corporate's or Individual's bank accounts
 - Payment can be made over a few days if the amount payable exceeds daily transfer limit
- PayNow Corporate – Introduced in March 2020
 - An electronic fund transfer via Quick Response (QR) code
 - Payment can be made from Corporate's or Individual's bank accounts
 - Payment can be made over a few days if the amount payable exceeds daily transfer limit

MINISTRY OF HEALTH
SINGAPORE
